Revised November 29, 2011

As this file was created for my own use a few words about the format of the entries are in order. The entries are listed by *DHR* volume. Each volume is preceded by the volume number and year in boldface. Articles that are carried across more than one volume have their parts listed under the applicable volumes. This entry, from Volume 2, will illustrate the format used:

2 (1891):30-33, 63-67, 101-106, 135-142 (Cont. from 1:64, cont. to 3:31)
Dedham in the Rebellion
Joseph Henry Lathrop

The first line of an entry for an individual article or portion of a series shows the *DHR* pages for an article found in that volume. When a series spans more than one volume a note in parentheses indicates the volume and page from which or to which it is continued.

The second line shows the title of the article.

The third line lists the author.

I have listed only articles with genealogical or historical content of interest to the genealogical researcher. I have not included articles and series such as Dedham Historical Society Annual Reports.
